VOL. LXXX. NUMBER 21

H.S. Tours A Success

Thirty-one parents and guests visited Antioch High School last week during American Education Week.

Each visitor was greeted by an escort from the Future Teachers Club, often his or her own child. The students accompanied the parents on a guided tour, classroom visitations and lunch. Visitation covered the third hour classes through the sixth hour.

Most of the parents expressed their gratitude at being invited to visit. Mrs. Robert Gross commented on the great changes in teaching methods since she attended Antioch High School.

Mrs. Gross, conducted by her daughter Colleen, a sophomore, was visiting the business education department. She was delighted with the headphone system of taking dictation, and amazed at the speed the students exhibited taking dictation. "I don't know if they can read it when they're through," she commented, "but we couldn't take shorthand that fast when I took it."

Mrs. James Carlson and her daughter, Sue, with guest Mrs. Richard Miller, visited the Language department. Mrs. Carlson attended Lakeview High.

The administration of the school and the Future Teachers expressed the hope that the program would help parents to become better acquainted with the school and today's teaching methods.

P.O. Hiring Replacements

The Post Office Department has launched a recruiting drive for about 40,000 clerks, carriers and mail carriers. Postmaster General Lawrence F. O'Brien announced today.

Approximately 20,000 vacancies are expected as a result of retirements by Dec. 30 under new liberalized retirement law. An additional 20,000 will be recruited to reduce excessive overtime as well as reduce overtime costs.

Mr. O'Brien emphasized recruiting needs apply only to specific localities, and appointments will be made through regular civil service procedures. Those interested should watch their daily newspapers and check with their local post offices on whether openings are available.

Hiring will be primarily from existing civil service registers of job eligibles in various localities, or from registers to be established from pending examinations.

In some instances, to meet pressing needs, recruiting will be on a non-career temporary basis. However, this will be kept to a minimum as a result of instructions issued to postmasters to keep hiring on a career basis wherever possible, and where temporary hiring does occur, it will be under procedures prescribed by the Civil Service Commission.

Temporary appointees will be subject to replacement by eligibles selected from competitive civil service registers when it becomes possible to fill positions in this manner. Mail handler positions start at "Level" 3 of the Postal Field Service wage schedule, at \$4,780. Mail handlers may rise as high as \$6,551 through "within-grade" pay raises. Appointments to clerk and carrier positions start at "Level" 4, \$5,181, and extend up to \$7,062 in the 12th "within-grade" salary step.

Mr. O'Brien pointed out additional hiring is needed to meet service requirements resulting from an increase of about 2½ billion pieces annually in mail volume, and other increasing service demands. During the current 1966 fiscal year, mail volume is expected to increase from

(continued on page 3)

Parents, conducted by their children, toured Antioch High School last week during National Education Week. A. L. Dittman, superintendent, gave some of them a personally conducted tour of the library. Pictured here,

left to right, are C. Horwath, seated are his daughter Carol and Mr. Dittman, standing, Colleen Gross, Sue Carlson, Mrs. C. Horwath, Mrs. Richard Miller, and seated, Mrs. James Carlson and Mrs. Robert Gross.

Antioch Police Catch Cemetery Vandals

The vandals who broke headstones at Antioch Hillside Cemetery just before Halloween have been apprehended by Antioch police.

Three boys, all in the 15-16 age group, admitted they broke the stones during a beer party. The beer, they said, was stolen from a private home.

Identity of the boys was uncovered through the work of Antioch police officers, Chief Jack Heick said, helped by information from citizens.

Chief Heick said that after consultation with parents of the boys and officials of the Cemetery Association, it was

agreed that the boys would work and pay for the damage they did. In addition, they will work for the village as disciplinary action. Some of the boys already have jobs, the others have agreed to find work to pay their share.

Chief Heick said the parents of the boys were willing to pay for the damage, but were persuaded that it would be better to have the boys themselves work it out.

There is no estimate yet on the total damage. However, Heick said, the Cemetery Association is making an estimate on the cost of restoring the headstones and will submit it to him.

Lower Postage For G.I.'s Xmas Packages

The Post Office Department today put into effect cheaper air parcel rates for U. S. military personnel overseas.

The new rates, in line with H. R. 11420 just signed by the President, provide that parcels from any U. S. points can be sent all the way by air to U. S. overseas military personnel anywhere at substantially lower rates.

Air parcels will no longer be charged automatically at a maximum domestic rate. Instead, charges will be based on the actual distance the parcels travel domestically before the military services take over their transportation overseas.

The new law also cleared the way for air lifting to Viet Nam on a space-available basis, of parcels weighing up to 5 pounds paid at the surface parcel post rates. The Department of Defense is providing this service, both to and from Viet Nam servicemen abroad. Previously such parcels went overseas by ship.

Parcels sent at surface rates to servicemen will travel by surface transportation within the United States to the military points of embarkation and then the air lift will apply. In most cases, up to a week or more will be saved on delivery time.

Illustrating the new parcel rates, a six-pound parcel from Chicago to a serviceman in Germany has been charged the maximum domestic rate ("eighth zone") of \$4.88. The new cost will be \$3.58. From Oakland, California, to Japan the old rate was \$4.88, the new rate, \$3.00.

Similar provisions apply for the servicemen abroad mailing parcels home.

The new service made possible by the air lift of parcels to combat areas, which is a combination surface-air

service (surface transit domestically and air lift overseas) provides an expedited service at considerably less cost than the rates for all-air service, the Department pointed out.

Another provision of the new law broadens free letters provision previously granted to servicemen in Viet Nam under terms of the Military Pay Act of 1965. The new proviso clarifies authority to extend the franking privilege to Viet Nam servicemen who may be hospitalized outside that combat area.

ACHS Faculty Check With NIU Students

Members of the faculty of Antioch Community High School will attend a conference at Northern Illinois University November 17 in an effort to determine what changes may be made in High School curriculum to help the prospective college student.

Members of the administration, the English department and the guidance department will attend the conference. They will check on the progress of former Antioch High students now attending the University and ask them for suggestions from their perspective as college students.

Teachers will also visit college classes and talk with teachers and students in an effort to improve the coordination of the high school and university programs.

The featured speaker at the noon luncheon will be Frank M. Rice, co-director of Nebraska Curriculum Development Center at the U. of Nebraska.

Recent graduates of Antioch High now attending NIU are Sharon Slazes and Bruce White.

Therese Velasquez

Salem Girl Chosen Top Wis. 4-H'er

A four-year junior leader from Salem, Therese Velasquez, 19, has been named Wisconsin State 4-H Achievement Award Winner at large. She is the daughter of Mr. and Mrs. Ignacio Velasquez, Route 2, Box 299, Salem.

Miss Velasquez feels that some of her most meaningful 4-H experiences center around her junior leadership work. During the past year, she helped seven younger girls learn to sew. A community project which she and two other junior leaders sponsored was making and putting up safety signs on the busy streets warning drivers to watch out for young children.

This year, Miss Velasquez received the outstanding junior leadership award. Other recent county awards include outstanding food member and home economics girl.

She is presently serving as president of the local 4-H club and secretary-treasurer of the county junior leader organization.

Miss Velasquez has carried projects in home furnishing, clothing, foods, dairy, automotive and photography.

She is attending Kenosha Technical Institute, majoring in fashion merchandising. Her plan for the future is to be a buyer for a large department store.

Try-Outs For "Little Mary Sunshine"

Try-outs for the PM&L's next play, "Little Mary Sunshine," a musical comedy, will be held Friday and Saturday, November 19 and 20, at the PM&L Theatre on Main St. at 8 p.m. The play dates will be Jan. 14 and 15 and Jan. 21 and 22.

Kenneth Smouse will be directing the play.

Class Of '65 Gives Trophy Case To H.S.

A new trophy case was installed at Antioch High School last week, the gift of the class of 1965.

The case was installed in the first floor corridor near the Boys' gym. For the first time, people who enter the athletic area for sports events will be able to view the numerous trophies won by Antioch High School since its origin in 1915. Most prominently displayed will be the newer trophies of sports in season.

The cost of the case was over \$400. School officials view the installation as a long-needed and valuable addition to the school's display area. At present many trophies are in storage and not on display.

A.G.S. Band Members To Sell Candy

Children of the Antioch Grade School will be seeking to add to the band's treasury by selling candy house to house from Nov. 20 to Nov. 28.

The candy sale is sponsored by the Grade School Band Parents' Association. The candy is an assortment of a well-known brand.

Proceeds of the sale will go to buy uniforms, instruments, etc.

Start Clean-Up of Sequoit Creek

The village board opened bids and awarded contracts on two projects Tuesday night.

Bids for cleaning Sequoit Creek from the sewage plant to Main St. were submitted by R. D. Ludwig and Lowell Smock. Two bids were submitted by each, one including hauling away the debris.

The board accepted the bid of R. D. Ludwig of \$2,180, 50 cents a foot. Lubkeman's including the clean-up. His

alternate bid of \$1,550 would be only cleaning out, with the village public works hauling away all debris. Smock's bids were \$3,023 and \$3,100.

Bids for installing drainage tile for 750 feet from the village garage to Poplar St. were submitted by Maynard Schneider at 98 cents per foot, and Victor Lubkeman, of R. D. Ludwig of \$2,180, 50 cents a foot. Lubkeman's including the clean-up. His

bid did not include laying the tile. The contract was awarded to Schneider.

CLEAN SEQUIT CREEK

Mayor Ray Toft reported that HOD garbage removal company was cleaning out Sequoit Creek from the dump north. With the village cleaning the creek out to Main St., only a section from Main to Depot will be left, and the blockage of flow should show up.

NEW CONSTRUCTION

John Conville, representing John Blackman, asked for approval of building plans for a warehouse on property south of Modern Homes Products on Anita St. The board approved the construction, subject to the approval of the city.

Antioch Township Assessment Roll For 1965 In 2nd Section

The Assessment Roll of the Town of Antioch as certified by the Supervisor of Assessments appears on pages 11, 12, 13, 14 and 16 of this issue of The Antioch News. Every property owner of the Town of Antioch should make it a point to check the amount of his assessment.

Any property owner who objects to the amount of his assessment should file a complaint with the Board of Review, Room 506, Lake County Court House in Waukegan, WITHIN TEN DAYS from the date of publication of this assessment roll.

George Hawkins

Hawkins New Gen'l. Mgr. Of Feed Company

An Antioch businessman, George Hawkins, was recently named general manager of the newly reorganized feed division of Hales & Hunter Company.

As head of the company's nine eastern and midwestern feed operations producing Red Comb feeds and Pioneer livestock feeds, Mr. Hawkins occupies a position previously held by three division managers.

Mr. Hawkins held various merchandising and sales administrative positions at P. S. Services, Inc., Bloomington, Ill., for 11 years before joining Hales & Hunter. He is the owner of Shoes by George in Antioch.

Injured In Hit & Run Accident

Harry Nelson, 22, of Rt. 1, Box 279, Antioch, was seriously injured in a hit-and-run accident last Thursday in Mount Prospect. The driver of the other car, Dorothy Demas, 34, of 2800 Morton Lane, Rolling Meadows, was apprehended through the co-operation of witnesses with the police.

Nelson was reported slightly improved Tuesday. He suffered lacerations of the face, multiple fractures and other possible injuries. His family reports that his condition is still too serious to permit thorough x-rays.

Nelson is at Holy Family Hospital in Mount Prospect. His mother said he is now conscious and would appreciate mail from friends.

The accident occurred last Thursday morning, Nov. 11, at about 4:30 a.m. at Rtes. 12 and 83. Apparently Nelson's car was sideswiped by the other car. Nelson's car then swerved into the base of a traffic light.

Charles and Joseph Romano, 1524 Maple St., Des Plaines, said they saw the other car leave the scene of the accident. They followed the car for about a half-mile and wrote down the license number and description of the car.

They took the information to the Mount Prospect police station. Police traced the car to an Arlington Heights station.

Rescue Squad Calls Made Last Week

The Antioch Rescue squad took Keith Peterson, 15, of 1006 Main St. to the clinic for treatment November 10 after he dislocated his left knee while wrestling at Antioch High School.

November 12 the squad took Betty Sibiski, Rosecrans, to St. Therese Hospital.

Dolly Stearns, Coral Apartments, Antioch, was taken to Victory Memorial Hospital November 12 suffering from pneumonia.

Fred Miller, 87, Channel Lake, was taken to the clinic for treatment November 13 with a cut on the head.

Roy Small, 61, Orchard St., was taken to St. Therese Hospital Nov. 14 suffering a probable coronary attack.

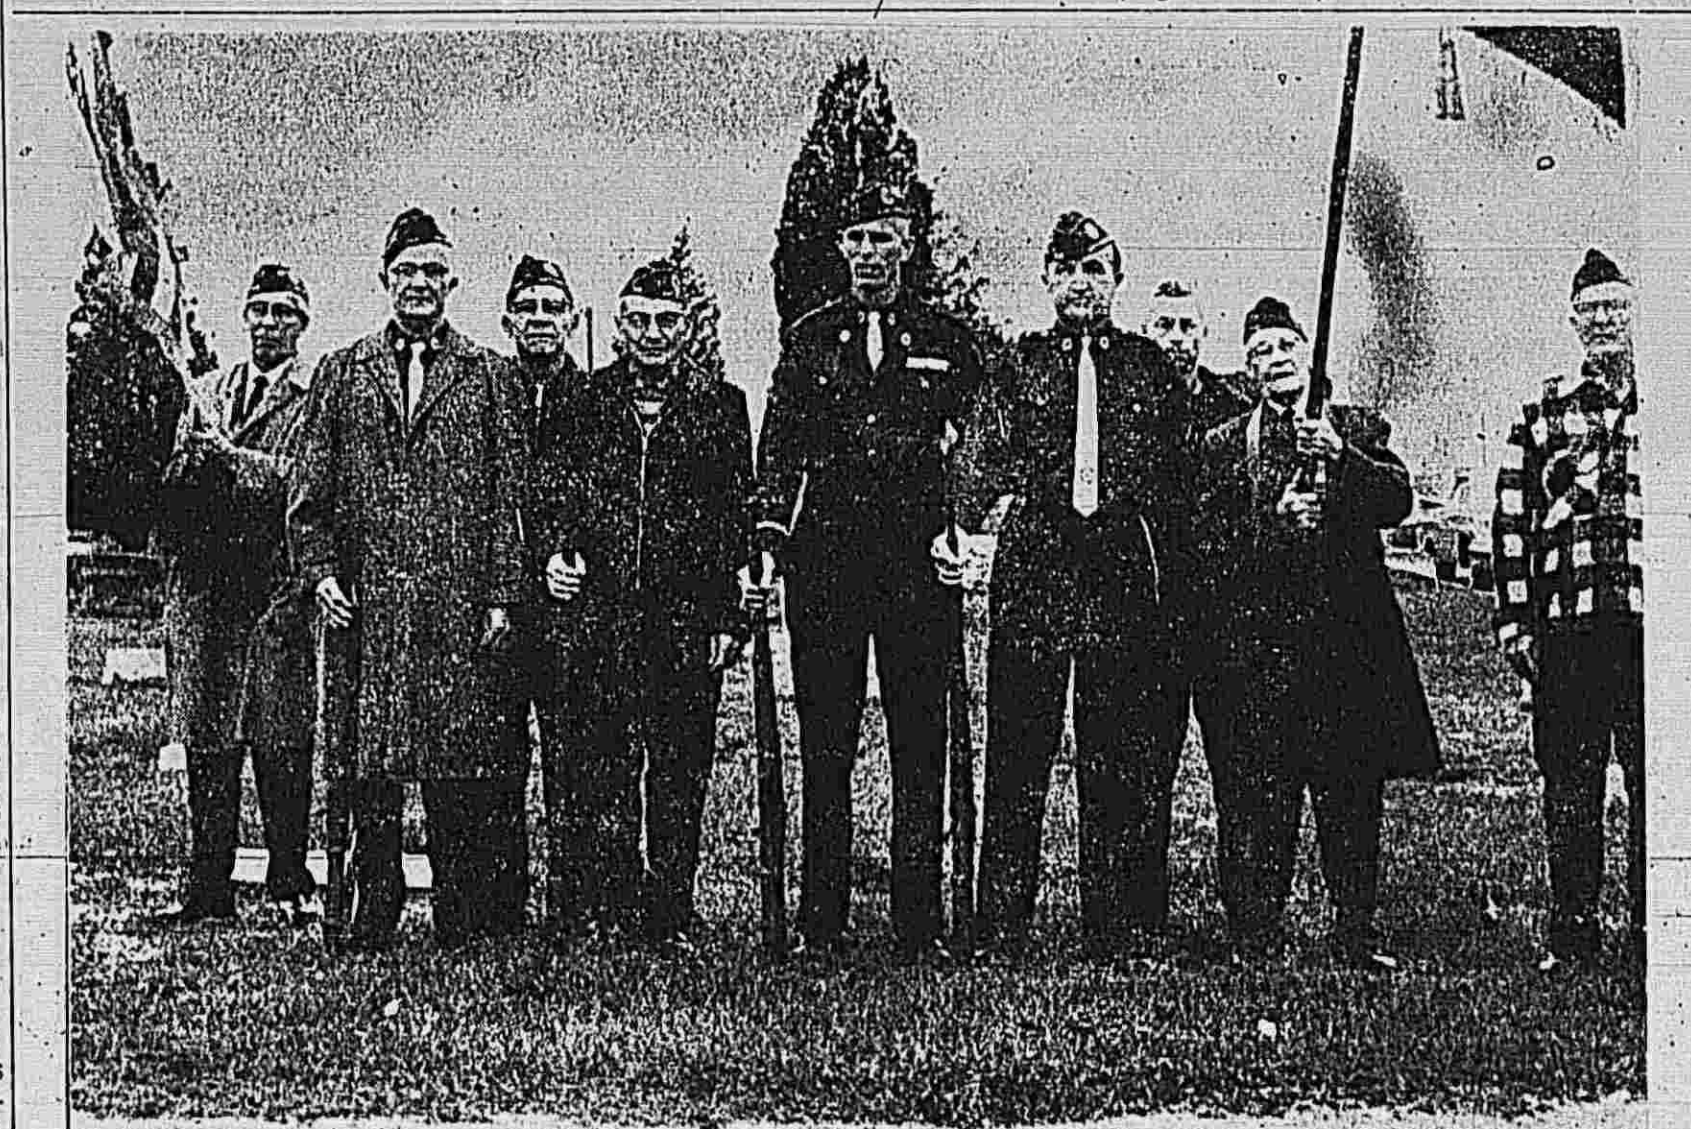

Dr. A. N. Berke Recovering From Surgery At Hospital

The many friends of Dr. A. N. Berke of Antioch will be happy to know that he is convalescing satisfactorily at Michael Reese Hospital in Chicago.

A nurse from the doctor's office says that rumors that the doctor is paralyzed, invalid and what-have-you following his recent back surgery are quite untrue. Removal of some discs from his back, followed by minor complications, have necessitated physical therapy and a long convalescence.

Dr. Berke intends to return to practice when he is recovered. In the meantime, nurses are at his office every day but no doctor is in attendance.

By Pearl Kapell

The new bridge on the south end of Lake Ave. at Channel Lake is now open for traffic. The workmen are starting to cut a new road through south of the bridge, creating the usual bottlenecks, holes and bumps. Ted Tucker was "slightly" annoyed when he discovered he couldn't get his car out to go to work, because the end of the road to his home had been blocked by the busy little county workmen.

A WINNER!

It was a miserable, rainy day last Friday, but patrolman Fred Elam's grin was a little bigger than usual. He'd just found out it pays to sign your name in that book at Reeves Drug Store. Christmas money, and he knows just what he's going to get.

THANKSGIVING DAY, 1965

I don't suppose, when the Pilgrim Fathers sat down to eat that first Thanksgiving dinner, that they had any idea that their gesture of thanks and rejoicing would live for hundreds of years and be celebrated by millions of people in a nation which had spread across the face of the continent.

The people who sat down to that first Thanksgiving dinner would have laughed at the idea that this huge, wild country would become so full of people that space to accommodate them would become one of the biggest worries.

What would the early settlers think if they could come back for this Thanksgiving? What amazing things they would see! Cars, rushing down acres of concrete at a dizzy, dangerous speed, seemingly helter-skelter. They'd find the concrete unbelievable, probably the cars would be frightening and incredible.

And the homes! Warm, except both, but this stragem failed to carry.

Judging from the voting pattern it would appear that proponents of the auxiliary building want to delay the courthouse until they are certain their own pet backyard project is on the books and headed for completion before approving any expansion of the current courthouse program.

Republican voters in the primary election next June may find themselves a little confused if both "John Henry's" run for election as Senator.

One John Henry, of course, is surnamed Altofer of the Peoria Altofers and he is no stranger to GOP voters having been the winner in the bid for the Republican nomination for Lieutenant Governor in 1964.

The Altofer John Henry is keeping himself available for the nomination for U. S. Senator in the event his running mate of last year, Charles Percy, decides not to take on the unenviable task of trying to unsal U. S. Senator Paul Douglas.

The other John Henry answered to the name of Kleine during roll calls in the lower house of the Illinois General Assembly last session.

The Kleine John Henry would like to represent the new state Senate district which fakes in southern and western Lake County and eastern McHenry County.

Political protocol is forcing Altofer to bide his time until Percy makes up his mind about his political plans, but Kleine is under no such handicap and is already mounting a small offensive in his bid for the State Senate nod.

If state GOP plans for setting up an "approved" slate of state candidates goes through, Altofer could find himself in an enviable position if the mantle falls on his shoulders, but Kleine is almost certain to have to fight for the nomination.

On the other hand, winning the nomination for U. S. Senator is the easy step with the battle ahead while Kleine would have a cake walk if he won the nomination.

THE ANTIOCH NEWS 2

THURSDAY, NOV. 18, 1965

draftless houses, heated by moving a dial. No need to chop down trees, split wood out in the cold, carry it in, keep the fires fed.

Airplanes. Fantastic, huge birds carrying people through the sky. Lights that glow at the flick of a switch. And the food! The fresh fruits, the canned or frozen vegetables, the fowl that only needs cooking. No need to hunt, and kill, and pick off feathers, and clean.

The Pilgrims would find everything unbelievably different. But Thanksgiving, of all the holidays, has stayed more the same, in spirit and celebration, than the other holidays.

It's still the time when families gather and thank God for the blessings they have. Commercialism hasn't been able to affect Thanksgiving. Each family has its special favorite dishes on the menu. Children still wait impatiently for all the goodies to finish cooking, and be carried to the table.

Dinner's the high point of the day, but not only because of the good food. It's a chance for all the family to catch-up-on-news, and talk and laugh together—to be at home again.

Happy Thanksgiving. May it stay the same down through the centuries.

Letters to the Editor

Antioch News

Antioch, Illinois

The United States Civil Rights Commission has issued a recommendation to be brought before Congress when it reconvenes. The commission is concerned about the safety of the demonstrators. They disregard any mention for the safety of the innocent public which is caught in the midst of these exhibitions.

Under their recommendation citizens accused of attacking civil rights workers could be prosecuted as well as law enforcement officers who either join in such attacks or fail to prevent them. In attempting to break up such an attack the police officer will still be charged with police brutality by the demonstrators to make it appear the local authorities are unable to do the job, thus requiring federal authorities to come in and take over. I believe citizens from 22 captive nations would call this a deliberate plan to enforce a police state.

Another recommendation is to authorize victims of attacks which police failed to stop to sue for negligence the local government as well as the policeman involved. Also that federal law enforcement officers should be sent in without waiting for a court order whenever local authorities fail to protect civil rights workers or where violence has occurred or is likely to occur, and for stepped-up investigation and surveillance to anti-integration forces.

These demonstrators seem to think the first and fifth amendments were written solely for their benefit. They have no regard for the rights of others or the rest of the Constitution. And what is to be considered anti-integration forces? Would one be anti-integration if he did not march down highways, obstructing the rights of others, or perhaps if he didn't toss the first Molotov cocktail, or if he sought to go through legal channels instead of joining "non-violent" demonstrations.

Probably only 2% of the American Negro is a dupe or knowing participant of the "civil rights" movement. The remainder follow the advice of two great Negro-Americans, Booker T. Washington and George Washington Carver, who believed there was a deep and abiding pride of race, a firm belief in the ability of their benighted people to rise above their past and eventually stand on an equal plane with all other races. Equality to them was a living thing to be achieved only by demonstrated ability.

Manning Johnson, a Negro Communist party member, who met with an "accidental" death shortly after willingly admitting to be a Communist party member said, "stirring up race and

It's Illegal

You can't pass a school bus stopped to load or unload children, by any device or stratagem. That's what the law says and that's what it means.

Last week, two cars passed a school bus stopped at Cox's Corners on Route 173 by what appeared a clever way of getting around the law. They swung into a driveway to a restaurant, on the right side of the bus, and pulled out of same ahead of the bus.

A check with the sheriff's office discloses that it's agin the law. "It's the same as driving through a filling station to avoid a traffic light," says the deputy.

So if you're in doubt, motorist, that's your answer. You do not pass a stopped school bus, no matter how safe it may appear to be.

Courthouse Notebook

BY LOU DURKIN

There's just no point in rushing into things, reasoned Warren Supervisor Robert Depke at last week's county board meeting, so he suggested a six month's delay in the decision on completing the county building annex.

When it became apparent during the roll call vote that his motion would fall short of enough votes he withdrew the delaying motion and substituted a two months delay.

The shorter delay met with the approval of a majority of the board so the Lake County Building Commission will have to wait another 60 days to find out if they will have the board's blessing in going ahead with the new courts building and new jail structure.

The delay just might give the building commission time to displace Waukegan Supervisor August Cepon as the commission chairman.

Prior to the action on the

courthouse complex in Waukegan the supervisors authorized the New Building Committee to conduct a survey on the specific needs for an auxiliary building in the western part of the county and additional needs for the County Home in Libertyville.

Apparently a special committee appointed some months ago to study the need for a mid-county annex did not make a full report so new studies will be made.

The original resolution called for the hiring of an architect and the preparation of plans and specifications, but on the motion of Supervisor Frank Peers, of Deerfield Township, the resolution was amended to provide for just a survey.

Shields Supervisor Alex Bremer sought to have the county home separated from the auxiliary building so board members could approve one improvement without being forced to ac-

Oink, Inc. Brings Home The Bacon & Fries It

By Pearl Kapell

There are a lot of small jobs around a house that vex the housewife. Quite often, fleetingly, she thinks in irritation, "There must be a better way to do this." And goes on to the next job.

One Antioch housewife finally grew tired of one of these small tasks and tried to do something about it. Frying bacon was her special aggravation—bacon that curled irritatingly, scorched in one spot, half-rare in another.

Three years and a lot of bacon later, Oink, Inc., was born.

Oink, Inc., will soon be the owners' hope — be selling the Bacon Chef, an ingenious little contrivance that cooks bacon evenly, and eliminates the curling and the spatter. It's small, it's cheap, and it works. And it's eminently simple to use.

Mr. and Mrs. Robert Burns, 401 Winsor Ave., are Oink, Inc. And Mrs. Burns — Eola — is the actual inventor of the Bacon Chef, aided by a good deal of practical help from her husband, and the cooperation of their son, Bill, a sixth-grader at Antioch Grade School, and daughter, Glenna, a junior at Antioch High.

The Bacon Chef started as a small, square block of wood with a handle which was set on top of the bacon in the skillet. Too small.

Chief No. 2 was about three times as large, still a square block of wood. It kept the bacon from curling but that was about all.

For their third try, the Burns switched to aluminum. A rather crude aluminum square with a grilled contrivance on the other side. This was the first step in trying to find a model that would cook the bacon on both sides without turning.

The next model was a heavier aluminum square with rows of holes. Not good enough.

"I wanted something that really worked," Eola says. And something attractive, not shoddy.

"I'd never done anything like this before, and I've really enjoyed it. I'm still enjoying it. And I've learned a lot, about metals and dies and so forth. I didn't even know what a die was before."

"My husband knows a lot

about metals, especially aluminum. And he knew what tools I needed to do what I wanted to do."

The Bacon Chef became round, at this point, with indentations on the under side. This allowed the hot grease to flow up over the bacon so that it cooked on both sides at once. But it still wasn't quite right.

The final product is a round piece of aluminum, with alternating protrusions and "dimples" on the under side. It has a wooden handle and is simply set on top of the bacon in an average-size skillet.

The "dimple" arrangement makes the bacon cook on both sides at once, while it's held flat.

Having perfected the Bacon Chef to this point, Mrs. Burns decided to make it more attractive by producing it in a number of colors. So when it is ready to market, probably in about two weeks, they'll be of anodized aluminum in green, blue, red, silver, gold or yellow.

The Burns haven't definitely decided how to market their product. They'd like to put them in local stores and supermarkets, and may try the mail order market.

The whole family has been in on the development of the Bacon Chef, and they'll have their own assembly line when the metal Chefs come back from the factory. They're being manufactured at Mathison Magnesium in Waukesha, then will go

to be anodized. When they come back to the Burns home, they'll go into the basement "office" for assembling.

"The children are as interested as I am, and we'll all work on them," says Mrs. Burns. "We put on the wooden handle, and put them on the display card."

The price will be somewhere between \$1 and \$2. Later on, the Burns intend to produce the Bacon Chef in a larger square size, to fit thick modern frying pans.

The Burns have lived in Antioch four years, moving here from Connecticut. This is Mrs. Burns' first flyer as an inventor, though husband Bob has a patent on an oil filter and a patent pending on a silver cleaner.

You can have a lot of fun with that name — Oink, Inc. And the Bacon Chef is a handy little gadget, as easy to use as a kettle top. And it works — I've tried it.

P. O. Hiring.....

(Continued from page 1) about 71.5 to about 74 billion pieces. In addition, hundreds of thousands of additional service stops must be made each year to deliver mail to new suburban developments, businesses and rural dwellings.

The department has directed its 15 Regional Offices to take steps to recruit the additional personnel insofar as possible by January 1.

Often men who wear safety goggles "one the job" never think of wearing them when working with tools at home. In one split second an eye accident can occur which may cause a lifetime of blindness.

The Illinois Society for the Prevention of Blindness strongly urges everyone who wears corrective spectacles to have the lenses ground from safety hardened glass. It also urges people to develop the habit of wearing some kind of eye protection whenever doing anything which might become a danger to the eyes.

Education, travel, and many more benefits — US Army Nurse Corps.

Injured In....

(Continued from page 1) address. The home was vacant, but they traced the last occupant through the post office and relatives.

Mrs. Demas admitted being in an accident in the area of the hit-and-run but reportedly attached little importance to it.

Harry Nelson is a student during the day at the Aero-Space & Missile School of Technology, where he is working for his bachelor's degree, and works nights. He was on his way home from the job when the accident occurred. He is married and the father of two children.

Start Clean-up.....

(Continued from page 1) approval of the building commissioner and with the stipulation that no plumbing be installed until the water and sewer lines were laid to serve the building.

Plans for a new four-unit apartment building on Victoria St., to be built by Robert Bemis, were submitted for approval. Robert Wilton reported that the property had ample room for parking and would meet proposed zoning requirements.

The apartment building will be built on an 82' by 270' lot. A two-family house and garage are at present on the lot. The owner plans to remove the house at a later date, Wilton reported.

The apartment building will measure 28' by 101'. It will be built ten feet from the north boundary line and 10 feet from the west boundary line.

The new apartment building will abut the Filweber Court apartments. The board approved construction of the building, subject to approval by the building commissioner.

Superintendent of Public Works Edgar Simonsen reported that street lights had been installed at Longview and North Ave. and at Gary and Depot Sts.

INDUSTRIAL SURVEY BY RAILROAD

Trustee Irving Walsh announced receipt of a letter from the Soo Line railroad, informing him of impending plans to include Antioch in an industrial survey being conducted by the railroad.

The railroad has a three-man team which surveys towns and cities for possible industrial sites. They will work with town officials to bring industry to the town, arranging financing, etc.

SETTLE WATER BILL

David Nissen announced that after a meeting with Ray Lorenz in regard to a water bill of \$419 for a three-month period, he recommended that the village accept payment of \$339.36 in settlement of the bill.

Although the water had been used, Nissen said, it was not run into the sewer system but out on the ground. For this reason, he said, Lorenz should not have to pay for sewer service for the total water used.

The board approved acceptance of the \$339.36 in full payment.

The board approved the use of the village parking lot as a landing place for Santa's helicopter.

Permission was given to the Lakeview Girl Scout Council for a cookie sale from Feb. 11 through Feb. 25, with delivery from March

18 through April 1. FREE PARKING FOR CHRISTMAS

The village board took note of the Christmas season by approving a plan for free parking in the business area from Dec. 18 to the 25th. Arthur Meierdick, chairman of the police committee, had requested the free parking move. A two-hour limit will be placed on the parking. Bags with a Christmas message will cover the meters.

MOVE SUGGESTION BOX

The board approved a suggestion to move the Suggestion Box, which has been in the Village police station, from store to store. The suggestion box will be in the Antioch News office from now through December. It will then be moved to a different store each month. Anyone having suggestions for the improvement of the village is invited to drop them in the box, signed or unsigned.

PLAN SIDEWALK IMPROVEMENT

Mayor Toft announced that he hopes to start a sidewalk improvement campaign by next spring. He appointed a committee of Vern Barnstable, Art Meierdick and David Nissen to contact owners of property where sidewalks are bad. The present plan is for the village and the property owner to share the cost of sidewalk improve-

ment on a 50-50 basis, with the village handling contracting, hiring, etc.

Toft also announced that removal of diseased elm trees by the Public Works department was proceeding. The village attorney was instructed to prepare an ordinance making it necessary to procure a permit from the village before doing any work on village parkways.

Welcome the challenge—US Army Nurse Corps.

THE ANTIOCH NEWS 3 THURSDAY, NOV. 18, 1965

Public resistance to wearing eye protection is yielding slowly. People who are unaccustomed to wearing corrective spectacles dislike the feeling of safety goggles. Too often people do not trouble to have safety glasses adjusted so they fit properly. Slipping and sliding of improperly fitting safety glasses is annoying and causes people to abandon wearing them.

THURSDAY, NOV. 18, 1965 THE ANTIOCH NEWS 4

D. Stillson Feted At Bridal Showers

Dee Stillson, whose wedding date has been set for November 27, has been feted at bridal showers recently. A luncheon shower was given last Saturday, November 13, for Dee at the home of Mrs. W. C. Petty of Antioch, by Mrs. Petty and Joan Wagner.

Mrs. Petty is Dee's godmother and Joan will be a bridesmaid at Dee's wedding. Many former Antioch schoolmates and teachers were present as well as other friends. Many of those who attended school together had seen little or each other in the ensuing four years and had a wonderful time exchanging information on their activities since school. Lunch on included a "Bride's Cake" for dessert. The shower decorations included a huge, white frilly umbrella with lilies of the valley hung high above the gifts with streamers leading to each gift. A table centerpiece of yellow and white mums was topped with a miniature bride and groom, and bride dolls set around the room complemented the bride decorations.

Second Shower
A surprise shower was given for Dee at the home of Mrs. Dean Holcomb in Milton Junction, Wis., by Mrs. Holcomb and Joan Wagner. Mrs. Holcomb will be matron of honor at Dee's wedding. Guests were college classmates, Delta Zeta sorority sisters, the housemother and other friends.

The shower was a complete surprise to Dee, who thought she and her fiancé were having dinner at the Holcomb home. Dee was maid of honor for Jean Gordon Holcomb when she was married last July. Dee received many beautiful and useful gifts at both showers. Her grandmother, Mrs. R. E. Benser, is expected to fly in Sunday from Polk, South Dakota, for the wedding. Other out-of-town guests are expected.

SOCIAL NOTES

By Del Jahneke

The Rev. Stephen Cobb, son of Rev. and Mrs. Donald Cobb of the Antioch Methodist Church, has been the pastor of the Methodist Church of Alden, Ill. Quite recently, he has been made the assistant pastor at the First Methodist Church of Elgin, under Dr. Carlton Rogers, pastor. This church has a membership of 2,800 parishioners. Rev. Stephen Cobb is the fifth generation of his family to be a Methodist Minister.

Mr. and Mrs. Walter Hills recently returned from a three week visit to England. Mr. Hills has seen neither his native land nor his brothers for more than 54 years. The Hills flew TWA both ways, flying non-stop from Chicago to London, and arriving there in only 7 hours flying time. The return trip took 8½ hours, due to the fact that the plane had to buck headwinds most of the way. While in London they visited the House of Parliament, saw Big Ben, the Westminster Abbey, St. Paul's Cathedral (where Winston Churchill is buried), the Tower of London, Tower Bridge, and Buckingham Palace. They also went to the famed Petticoat Lane, which is a market place set up with open stalls, and where nearly every commodity you can imagine is sold. Mr. and Mrs. Hills drove to see the community of Eastbourne, where Mr. Hills was born, and had lived most of his youth. He found it greatly changed, due to the bombing during World War II and a great deal of rebuilding. They were very impressed with the campus of Cambridge University. Although the Hills enjoyed an exceptionally pleasant visit to England, Mrs. Hills commented that "there's no place like home!"

An important role in the US Army Medical Services—US Army Nurse Corps.

American Legion Auxiliary News

By Del Jahneke

Approximately 75 Antioch American Legion and American Legion Auxiliary members, and members of the Veterans of Foreign Wars Post and Auxiliary, enjoyed a pot luck supper at the Antioch American Legion Home on Veterans' Day. After the dinner, most of those present played card games the rest of the evening.

On November 12, at the regular meeting of the Antioch Unit, Mrs. Bernard Stadick, Mrs. Edna Rathman, and Mrs. Ardee Gentzen were initiated into membership. The initiation team was composed of Mrs. Ray Rathman, president and installing officer; Mrs. John L. Horan, junior past president; Mrs. Frank Kennedy, Sr., chaplain; Mrs. Walter Hills, 1st vice president; Mrs. Joseph Horton, 2nd vice president; Mrs. Ralph Fields, sergeant-at-arms, and Mrs. Deborah Van Patten, musician.

Donations were made to both the "Gifts to Hospitalized Veterans" and to TB Seals. Mrs. Joseph Horton and her committee served delicious refreshments.

Mrs. Ray Rathman, Mrs. Edward Jahneke, Mrs. Edna Rathman, and Mrs. F. A. Swenson attended the Nov. 10 District American Legion Auxiliary meeting in Round Lake. While there, they learned that 10th District is already 77% in paid-up membership. Membership is always an important program, since it is through their large membership that the organization is able to fulfill its many worthwhile projects, especially that of Rehabilitation. Mrs. Carroll Porteous, Mundelein, District Rehabilitation Chairman, asked for volunteers to wrap Christmas gifts for Downey Hospital patients' families; on Nov. 30, Dec. 1 and 2. These Christmas gifts are purchased by the state American Legion Auxiliary (to which all of the state's 900 units contribute) and then donated to the needy hospitalized veteran to send to members of his family.

There is nothing on the Christmas gift to indicate that it is a gift given by the Auxiliary. Since many hundreds of gifts must be wrapped, many volunteers are badly needed.

EARLY SERVICES FOR THANKSGIVING
Thanksgiving services at Trinity Evangelical United Brethren Church, on Beck road at Valley Drive, will be held Sunday, November 21, with the pastor, Rev. G. Albert Murphy presiding. Morning worship at 9:30 a.m.; Sunday School 10:30 a.m. At 6:30 p.m. a Thanksgiving pot luck dinner will be served by the Women's Society of World Service with Mrs. Bonnie Muffet, chairman of the arrangements. At 8 p.m. evening worship when all thank offering boxes will be presented. During the morning worship service, 9:30 a.m. Dec. 5, the congregation will present nominations of officers for the year 1966. The committee in charge is Mr. Austin Marshall, chairman, Mrs. Paul Blomquist, secretary, Rev. G. Albert Murphy, Mrs. Donald Kruezer, and Mrs. Bonnie Muffet, committee members.

The Third District meeting and breakfast will be held at the McHenry Moose Lodge on Sunday morning, Nov. 23. The birthday dinner will be held after the regular meeting for the L.O.O.M. on Wednesday evening, Nov. 24. All members having birth days this month are the honored guests and all L.O.O.M. members are invited to attend the meetings and learn about the coming affairs and projects of your Moose Lodge.

The Toys for Tots campaign is under way and much help is needed to repair these toys so that Christmas can be made merry for many of the less fortunate children. Toys are welcome from anyone who wants to donate them and the toys can be turned in to the Antioch Moose Lodge starting now. Your governor, Arthur LaFlamme, would like to have this year be the merriest for the children and would like to see his members all take part in the planning.

The next initiation for the Loyal Order of Moose is scheduled for Saturday evening, Dec. 4.

Arthur C. Anderson, secretary of Antioch Moose Lodge, No. 325, will attend the Administration School to be held for Moose lodge secretaries at North Aurora and Mooseheart on Nov. 20 and 21.

The school, designed to better acquaint secretaries with their duties, will be conducted by Supreme Secretary Carl A. Weiss and his four deputies, Marvin Meisner, William Stanley, Paul Sheets and Phillip Tutt.

WOMAN'S CLUB HEARS ABOUT MENTAL HEALTH

Jane Weiss, Mental Health Educator, was the guest speaker at the November 15th meeting of the Antioch Woman's Club.

Mrs. Weiss has been a Mental Health Educator at the Lake County Mental Clinic since September, 1963. She told of the Clinic's beginning in 1957 and its activities.

It was announced during the meeting that fifty dozen cookies are needed for the men at Downey Hospital this Christmas. Anyone wishing to donate cookies may leave them at the library before December 18.

Where The Boys Are

FORT SILL, OKLA.—Pvt. Phillip D. McDonald, son of Mr. and Mrs. Wilbur H. McDonald, Route 2, Box 453, Antioch, completed advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill, Okla., Nov. 12.

McDonald was trained in the preparation, loading and firing of field artillery guns and howitzers.

He entered the Army last June and completed basic training at Fort Knox, Ky.

The 18-year-old soldier attended Antioch Community High School and was employed by Motorsport, Inc., before entering the Army.

Richard E. Erber, son of Mr. and Mrs. Edwin O. Erber of Rt. 4, 1715 E. Grand Ave., Lake Villa, has been promoted to airman first class in the U. S. Air Force.

Airman Erber is a munitions specialist at Clark AB, Philippines. He is a member of the Pacific Air Forces which provides air offensive and defensive units in Southeast Asia, the Far East, and Pacific.

Campus News

JOINS CARTHAGE BAND AS CLARINETIST
Judy Liddle, of Antioch, has been accepted as a player in the Carthage College band. Carthage's band, under the direction of Prof. Merrill Brown, plays at home football games and will present several concerts during the year.

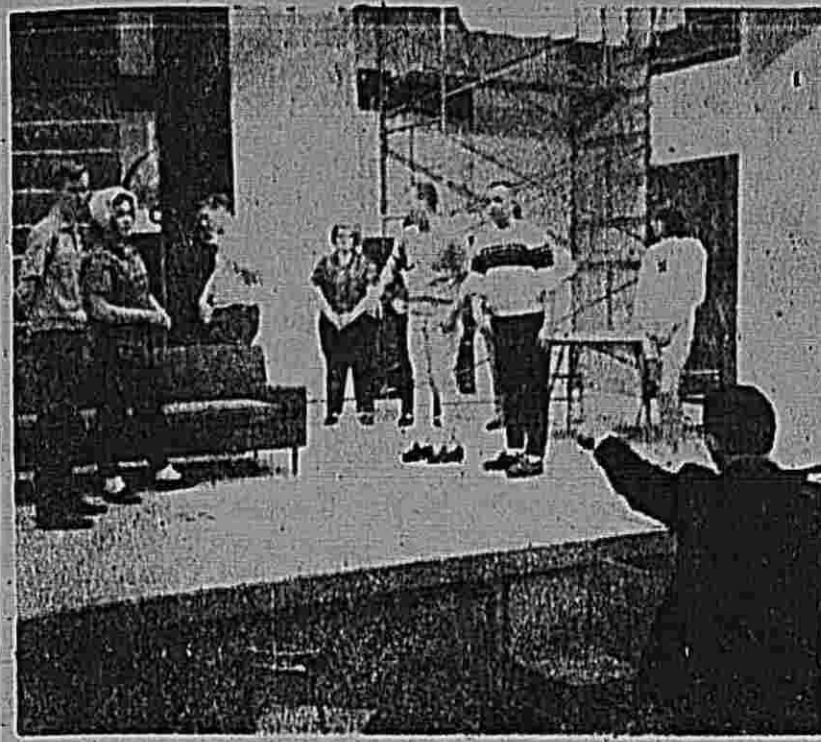

Miss Liddle, a graduate of Antioch H. S., plays clarinet in the Carthage band.

ELECTED TO SORORITY OFFICE
Judith Lynne Turner, daughter of the O. W. Turners of R. R. Antioch, was recently elected President and Scholarship Chairman of Delta Omicron Music Sorority at Illinois Wesleyan University, Bloomington, for the school year of 1965-66.

Judith is a junior music education major and is a member of the Women's Choir, Chapel Choir, Collegiate Choir, Wesleyan Players, and Orchestras.

PARENTS OF DAUGHTER

Mr. and Mrs. Walter Fretz are the parents of a baby daughter born Monday at an Elgin hospital. Mrs. Fretz is the former Nancy Doyle, daughter of Mr. and Mrs. John Doyle of Antioch.

Rehearsal was in progress of Central High's class play, "A Case of Springtime."

Junior Class Play To Be Presented At Central High

The Junior class at Central High School will present "A Case of Springtime," a romance-comedy, on Saturday, November 20. The curtain will go up at 8 p.m.

The cast includes Bob, played by Guy Flaschner, Betty, Bob's sister, Lola Schroeder, Dickie, Bob's kid brother, Jack Vanderwerff, Mr. Parker, David Davis; Mrs. Parker, Linda Wack; Louella, Alice Conrad; Gwen, Pam O'Neil; Joan, Carol Anderson; Eddie, Jim McLaughlin; Mr. Abernacker, Dave Ostman; PTA Ladies, Sara Allman, JoAnn Jozapaitis, Liane Klemko, Mary Ellen Tremonte, Plain Clothes Man, Richard Cook.

The party was arranged by Miss Kathy Frasier and Miss Nancy Barnstable. Thirty-five guests brought a variety of lovely and useful gifts for the new home. A luncheon was served.

Mrs. De Salvo is the daughter of Mr. and Mrs. Edward Frasier.

MEETING OF AARP IS POSTPONED

The date for the regular meeting of the Association of Retired People has been changed from Nov. 23 to Nov. 30. The meeting will be held at the Antioch Savings & Loan community room.

A silent auction will be held at the Nov. 30th meeting.

WINTERING IN ARIZONA
Mr. and Mrs. Nelson P. Drom, plan to leave Antioch today (Thurs.) for their winter home in Mesa, Arizona, where they plan to spend the winter.

Realtors To Hold Meeting In Tokyo

President William G. Schwandt of the Waukegan-Lake County Board of Realtors has been invited to serve as a member of the American delegation next year to the XVII Congress of the International Real Estate Invitation to be held in Tokyo, April 23-29, 1966. The invitation was extended by Newton C. Farr, president of the American Chapter of the World Federation.

"A large delegation of Realtors will meet in Japan with colleagues from all over the world," Mr. Farr stated. "I also have authorized President Schwandt to accept applications of other Realtors as members of the American Chapter to serve as delegates."

Brass Ball Has Grand Opening

The new owners of the Brass Ball restaurant and tavern, at the intersection of Highways 83 and 75 in Salem, Wis., held a Grand Opening last weekend.

Joe Chaban and his wife, Irene, are the new owners. Irene is a daughter of the Adams family, who owned the Brass Ball for 22 years. Brass Ball Corners, and the restaurant and lounge, have a long and colorful history. The Brass Ball which hangs over the intersection was originally a buoy for an English mine. It was washed across the Atlantic and picked up off the Florida coast, then brought to its present location in 1942.

An inn was established on the corner and its early history carries tales of Indian raids, scalplings and bloodshed in and around the inn. Ownership of the inn eventually came to the Adams family, and now to Joe and Irene.

Joe is a versatile man. His first ambition was to be a concert violinist and he studied with Max Fischel at a Chicago music college. He now entertains the guests at Brass Ball with the violin, in addition to organ music by Nick Nicholas, blind pianist from Pell Lake.

Joe is also an inventor, played football in high school, and was a second lieutenant in the air force. In addition, he operates Chaban Enterprises, manufacturing a coin bank that sticks on car dashboards to hold tollway money.

In addition to the menu formerly served at Brass Ball, the Chabans intend to add some specialties they discovered in a tour of eleven European countries last year.

Ownership of the inn eventually came to the Adams family, and now to Joe and Irene.

Hospital Patients

Ted Brendel was a patient at St. Therese Hospital for a week, after being ill at home a week.

Nine months old Jeffrey Stading was in Sherman hospital in Elgin for five days last week with a virus infection. The Jim Stading family will be moving to Elgin soon.

Mrs. Mary Tracy is in Victory Memorial Hospital with pneumonia.

Little Cindy Riekey was in Victory Memorial Hospital for six days with virus pneumonia. She came home Sunday.

Little Raymond Reinhardt also was in the hospital with pneumonia last week.

Your correspondent checked into St. Therese Hospital Monday afternoon to have surgery on her ear. (The better to hear you with.) A five day stay is expected.

St. Mark Lutheran Church

Last Sunday was Layman's Sunday at St. Mark Lutheran Church. In the absence of Pastor Nelson who was with his family visiting Mark and Solveig at St. Olaf College, Ray Rathmann was in charge of the Liturgy, and the sermon time was shared by Arthur Ilaviv, Donald Blesum and Norbert Pischke. The congregation stayed for coffee after the 10:30 worship services to get better acquainted.

Thursday evening, Nov. 18, the American Lutheran Church Women will have their general meeting at 8 p.m. The ladies are asked to bring in their Thank-offering.

Sunday, Nov. 21, Cottage meetings will be held in 23 homes. Dessert and coffee will be served upon arrival in the home to which each person is invited.

Flowers for the church Sunday were given by Mr. and Mrs. Heinz Affalter in recognition of their 20th wedding anniversary. And by the Marvin Walkers honoring Mrs. Walker's mother on her 79th birthday.

Christened

Mr. and Mrs. Richard Walter of DeKalb were godparents of five-week-old Caroline Marie White, when she was christened at Prince of Peace Church last week. Her grandparents, Mr. and Mrs. Emil Marcheschi and Mr. and Mrs. George White of DeKalb and aunts and

LAKE VILLA RESCUE SQUAD BUILDING

The Lake Villa Rescue Squad Building Committee is sponsoring the movie, "Trophy," to be shown at the Lake Villa Grade School on Routes 132 and 83, on Friday and Saturday, Nov. 20 and 27 at 8 p.m. On Saturday there will be a special matinee starting at 2 p.m.

The Rescue Squad Builders are trying to raise \$12,000.00 to build a barn to house the rescue squad ambulance and equipment. Volunteers have raised \$10,400 since July 11 of this year, in the Lake Villa area.

The Building Committee will hold a meeting at the Victory Memorial Hospital for six days with virus pneumonia. She came home Sunday.

They hope all the organizations in the area will send representatives. No more meetings will be held until after January.

Uncles attended the dinner party held later. The baby is the daughter of Jerri and Carol White.

Gone Hunting

Alvin Huntington left Friday morning to do a little deer hunting at Drummond Island, Mich.

First Communions

Approximately 70 children made their First Holy Communion at Prince of Peace Church Saturday morning. A few of those that had parties to celebrate the occasion were: Debbie Giavanni. Fifty-nine close friends and relatives attended a 6 o'clock buffet supper Saturday night. Thirty of Cindy Gibbs' relatives and friends attended a buffet dinner Saturday afternoon that lasted until evening. Giorgianna Kovanda's godparents and their families, grandmother and aunt were dinner guests Saturday. Dale Mindak had his godparents: aunts, uncles and cousins and grandmother, Mrs. Jenny Sydlowski out Saturday for the occasion and dinner.

Joseph Gregory Lisk was treated to dinner in Dundee by his family. Later they all went to Santa Claus Village. He and his sister, Teresa, enjoyed the outing. Several relatives of Mary Beth Schartz attended a dinner party Sunday to remember the day. Gayle Maloney's aunts, uncles, grandparents and cousins attended a buffet supper Saturday.

Others who made their First Communion were Sandra Manicki, Greg Slangel and Lori Rober. God's blessings on all of the children.

Woman's Club Report

The slate of officers for 1966 was unanimously elected at Thursday night's meeting of the Lindenhurst Woman's Club. Taking office at the January meeting will be Mrs. Joy Manuel, president; Mrs. Jenny Volpentesta, vice president; Mrs. Betty Ireland, secretary; and Mrs. Pat Riekey, treasurer, second term. Executive board: Mrs. Mary Jeanne Ploss, retiring president; Mrs. Bridie Gibbons and Mrs. Zenia Neumann.

It was reported the Fashion Show, held the night before, was well attended and \$70.85 was cleared.

They voted to purchase Christmas gifts for a needy family, instead of purchasing a food basket.

Birthday ladies were Jenny Volpentesta, Minnie Ciancio and Dorothy Thompson.

Measles Vaccine Urged For Children

Three little boys helped open a campaign November 1 linking measles and mental retardation.

Twins, Mike and Pat Ferris, 2, and their 11-month-old brother, Andy, submitted to measles vaccinations.

With this act, the Illinois Council for Mentally Retarded Children's Month in Illinois and a measles immunization campaign to prevent retardation.

Cooperating with the Illinois Council is the Illinois State Medical Society, which has a long range program to educate parents about measles.

Measles is just one of more than 100 known causes of mental retardation, but it has an important difference—a relatively short time ago it became one of the diseases which can be prevented.

The Retarded Children's Appeal, sponsored in this area by the Lake County Society for the Retarded, will seek this month to raise \$125,000 for local educational, recreational and welfare programs and to support medical research in preventive measures.

The Retarded Children's Appeal, sponsored in this area by the Lake County Society for the Retarded, will seek this month to raise \$125,000 for local educational, recreational and welfare programs and to support medical research in preventive measures.

Measles is just one of more than 100 known causes of mental retardation, but it has an important difference—a relatively short time ago it became one of the diseases which can be prevented.

but every day in our hearts, and in our churches.

A prominent executive talks about Practical Patriotism

"As Chairman of the Treasury Department's U. S. Industrial Payroll Savings Committee, I have seen how employers and employees of private enterprise make a powerful contribution to our country's future while building new strength into their personal future through systematic savings from pay in U. S. Savings Bonds.

"This is truly practical patriotism.

"The Payroll Savings Plan helps individual families by providing a simple, steady, guaranteed way to save. And the plan assists in stabilizing the economy through more effective management of the public debt.

"Please join with us, and encourage your fellow employees, too, to become practical patriots. Your active support can make this a truly Star-Spangled Savings Plan."

COURT OF HONOR HELD FOR BOY SCOUT TROOP 91

A "Court of Honor" was held by Boy Scout Troop No. 91 on the Northern Illinois Conservation Club Grounds, which is under the leadership of Scoutmaster Richard Harland and Assistant Scoutmaster Art Price, and is sponsored by the Antioch Methodist Church. The following is a listing of the boys and the honors they were awarded that evening:

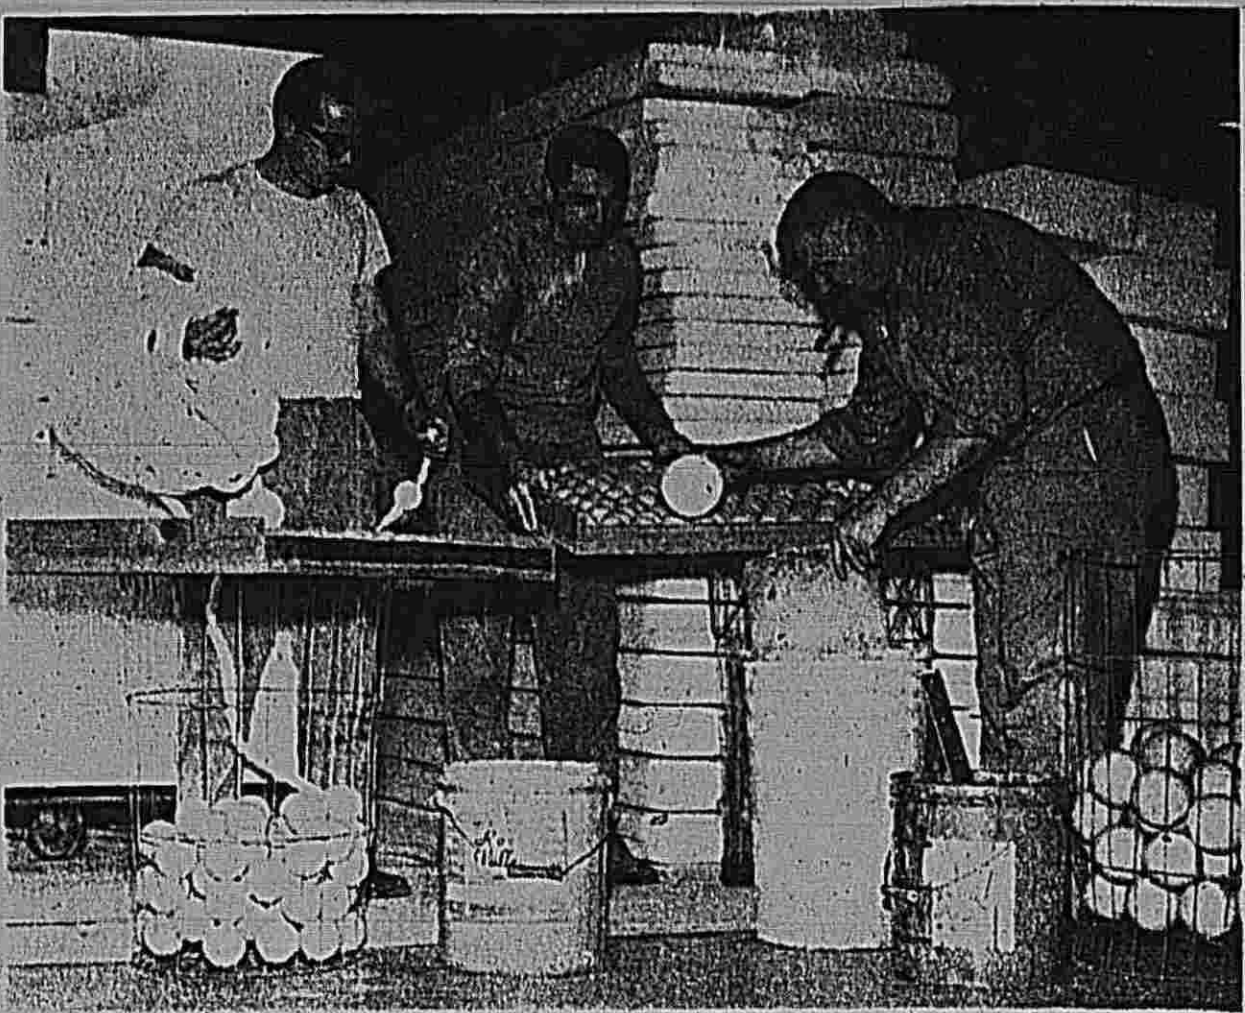

Danny Carriek—2nd Class Scout, and one Merit Badge; Bruce Gussarson—Three Merit Badges; Darrell Gussarson—2nd Class Scout, one Merit Badge; Riekey Jorgensen—Star Scout, and three Merit Badges; Keith Peterson—Life Scout, and three Merit Badges.

Citizenship in the Nation—a high honor given to the next four Scouts—Dennis Rockow—Life Scout and four Merit Badges; Jim Rockow—1st Class Scout, and two Merit Badges; Roger Sorenson—Star Scout and three Merit Badges; and Robert Westhoff—Star Scout and one Merit Badge. These boys had won awards, but were unable to be present to receive them. Kvork Dederian one Merit Badge; Jim Nissen—2nd Class Scout and one Merit Badge; and Greg Petersen—1st Class Scout, and two Merit Badges. Not many people are aware that only 7% of the Boy Scouts ever become a Star Scout, and only 3% of the Scouts ever attain the status of being a Life Scout.

The Antioch Methodist Church is also sponsoring a newly formed Explorer Scout Post No. 91 with Mr. David Hunsaker, as Adviser, and Mr. Jack Honan as Assistant Adviser. Mr. Hunsaker is an Eagle Scout, which is the highest honor a Scout can hold. Bob Westhoff, Roger Sorenson, Dennis Rockow, Keith Peterson, and Bruce Gussarson, have just become members of the Explorer Post. The Explorers meet every Thursday evening at 7 p.m. at the Antioch Methodist Church. Any interested boy aged 14 years or older, and at least a freshman in high school is invited to visit one of these meetings, and discover whether he would like to become a member of this Explorer Post.

From the Eli Lilly Company's 1964 report to stockholders: "The average physician in the U.S. works 60 to 70 hours a week, sees 20 to 30 patients a day, takes 14 telephone calls from patients daily, and makes hospital rounds and house calls. He treats, without charge, 400 needy patients a year, donates 100 hours a year to civic affairs, and devotes 200 hours to professional meetings and research."

Expanded OCS classes will be continued as long as necessary to meet the additional requirements of the Army for junior officers.

They may not look like Santa's elves, but they're busy getting everything ready to brighten the Christmas season in Antioch. Lou Simon, Pres Reckers and Ev Ofstedahl were busy painting Frostee Sno balls to decorate the Christmas tree which the Chamber of Commerce will put in the planter near their building.

Fox Lake Plans Ice Festival

St. Paul, look to your laurels!

The Fox Lake Chamber of Commerce is planning a winter ice festival that they expect to rival the gayest winter festival that the Twin Cities ever had.

The festival on ice will be held January 7, 8, and 9. Top event of the week end will be the International Ice Boat Races, a three-day event which will be televised by ABC's Wide World of Sports.

To fill out the weekend, an Ice Queen will be chosen,

to be crowned at the Festival on Ice Saturday night. While adults are at the ice ball, teenagers will have their own Teen Hop at Grant High School.

Activities for the whole family are being arranged, such as ice skating, tobogganing and other free events. The committee is hoping to arrange a Friday night concert.

Co-chairmen for the event are Larry Leafblad, of Lake County newspapers, and LaGlenn Buchner, of LaGlenn Realty Co.

Ill. Council Reports On PKU Law

At least 77% of the babies being born in Illinois now are receiving the diagnostic test for phenylketonuria (PKU), a preventable cause of mental retardation, the Illinois Council for Mentally Retarded Children reports.

PKU testing was made mandatory in a law signed last April by Gov. Kerner. Ten Illinois babies born since Jan. 1, said Ralph von Oskinski, council president, have been discovered to be victims of PKU, an inherited disease which severely damages the brain unless treated early in life by a special diet. All are receiving dietary treatment to assure normal mental development.

Von Oskinski told volunteers at council headquarters to mark the organization's 15th anniversary that the PKU story is an excellent example of how voluntary agencies working with governmental departments can help guard the public health by educational campaigns leading to regulatory laws.

Four years ago when the council began a statewide educational campaign on PKU, few people outside those working in the field of mental retardation had ever heard of it. Development of the Guthrie test, under a research grant partially financed by the council's national affiliation, the National Association for Retarded Children, made it possible to test babies for the disease at three days of age. This made it possible for the council to work for a law requiring testing before the baby is sent home from a hospital.

Draft Status May Depend On Job

Your draft status may depend on your job.

Secretary of Labor W. Willard Wirtz has released a list of "critical occupations", including 20 apprentice occupations, eligible for draft deferment under the Selective Service Act.

The list, Secretary Wirtz emphasized, is advisory only. Final decision is still up to draft boards.

Apprenticeable occupations included on the list of critical occupations are aircraft assembly mechanic, aircraft engine assembly mechanic, airplane mechanic, form and job maker, pattern maker (metal), plaster-pattern caster, die setter (forging), electronics mechanic, glass blower (laboratory apparatus), electrical instrument repairman, instrument man, instrument repairman, machinist, die maker, jig-boring machine operator, metal mold maker (plastic products), tool and die maker.

Not apprenticeable critical occupations are astronomer, bacteriologist, biophysicist, chemist, clinical psychologist, dentist, engineering psychologist, professional engineer, geologist, geophysicist, health physicist, mathematician, registered nurse, orthopedic appliance and limb technician, osteopath, parasitologist, pharmacologist, physician and surgeon, physicist, physiologist, structural linguist, college teacher, high school teacher, technical institute teacher, vocational teacher, technician, tool and die designer and veterinarian.

FOOTNOTES to fashion

by Betty Marshall

The trend in home furnishings is towards the deepening shades of early fall. These are the colors that in nature are sharply defined during the spring and summer months, but seem to take on tones of surrounding colors in the lengthening shadows of autumn.

The result is a gold with traces of green or brown; a rust mottled with yellow; and the brilliance of spring green tempered with a fall bronze.

Indoors as well as out, these are the colors that are the easiest to live with all year long. Thanks to modern chemistry these shades can be brought inside the home in carpeting that is as practical as it is pleasing to the eye.

Technical advances in such man-made fibers as Herculon olefin now make it possible to duplicate the new mottled fall shades as well as the still popular sharper spring tones in easy to care for carpeting.

When the fibers were introduced in carpeting a few years ago color choices were limited to the standard blues, greens, golds and beiges. Because olefin fibers are inherently moisture- and dirt-resistant, pastel shades of these colors were added and gained quickly in popularity.

Pale greens, beiges and even white carpets were installed in such unlikely areas as school corridors, hospitals, busy restaurants and apartment building hallways to prove the indestructibility of these Herculon carpet fibers.

Today ingenious homemakers are expressing their delight in the unlimited color choice as well as the durability of these new carpets in installations that include such unlikely areas as kitchens, bathrooms and laundry rooms as well as living rooms, dining rooms and bedrooms.

Patterns range from loop pile to high and low pile combinations, shock and harmonizing tweeds to lush cut pile that simulates more expensive velvet weaving techniques.

In addition to the perfectly blended fall colorings, today's homemaker can choose carpeting that duplicates nature's year-round palette with bright reds, pale pinks and lavenders, midnight blues and even the grays and blacks of winter.

Barbershop Harmony In "Roarin' 20's"

"The Roarin' 20's" is the show title chosen by the Lake County Chapter of Sweet Adelines for its annual barbershop harmony presentation to be held at 8:30 p.m. Saturday, Nov. 20 in the East campus Little Theatre of Waukegan High School.

The era of rolled stockings and skirts that vie with today's fashions for brevity is inspiring everything from music and costumes to the stage setting, according to show chairman Miss Veronica Trebeck.

In addition to harmony presentations by the Lake County Chapter chorus, the show will feature such performers as the Varieties, the Cinnamoms, Larry Tobler and other specialty numbers.

The Lake County Chapter of Sweet Adelines includes members from almost every area community from North Chicago to Winthrop Harbor and west to Mundelein and Antioch. Two members from this area are Mrs. Robert Broch, Antioch, and Mrs. Walter Geary of Lake Villa.

Plan To Send A Serviceman's Mother To Viet Nam

The mother of a serviceman fighting in Viet Nam may get to visit him if present plans of the Waukegan North Chicago Regular Dependent Club work out.

The Club hopes to select a mother and send her to Viet Nam with a troupe of Lake County entertainers. It's all part of a plan to back the men fighting in Viet Nam.

Another part of the program calls for the development of local talent groups to entertain servicemen at the Veterans Administration Hospital, Downey, and at hospitals at Great Lakes and Fort Sheridan.

Henry Bogdala, president of the organization, said they are seeking the cooperation of veterans' organizations, service clubs, fraternal organizations and other groups in implementing the program.

An organization meeting will be held Tuesday, Dec. 7, at 8 p.m. in the Cedar Room of Bertrand's Lanes, West Washington St., Waukegan. All groups in the county are asked to send representatives.

CHIP TOPPED DATE SQUARES

(About 40)

- 1 1/4 cups unsifted flour
- 1/2 teaspoon salt
- 1/4 teaspoon soda
- 3/4 cup margarine or butter
- 1 cup sugar
- 2 eggs
- 1 pkg. (8 oz.) dates, chopped fine
- 1 pkg. peanut butter flavor chips
- 1/2 cup coarsely chopped pecans
- 1 tablespoon brown sugar

Combine flour, salt and Join top flight medical and surgical specialties—US Army Nurse Corps.

Your Sale Will Be A Whopper When You Advertise In The Shopper

Dries your clothes with the same kind of gentle radiant heat you get from the sun.

Makes it easier to be a good cook with precise, temperature-calibrated controls.

Gives you greater heating comfort, greater flexibility than any other type heat.

Only Electricity—

Flameless electric drying is gentle, because it works with radiant heat like the sun. The only difference is it's controlled. You dial exactly the heat you need, for the clothes you want to dry. Whites stay white, colors stay bright; sizes won't change because of harsh overdrying or scorching. Another thing. Radiant electric dryers are flameless, so there are no fumes or by-products of combustion. Clothes come out clean and fresh as all outdoors.

Larger heating surfaces allow cooking at lower temperatures, require much less water, so food retains more vitamins, flavor, color and texture. Oven cooking is faster because less preheating is required. More moisture is retained because only electric ovens are insulated on all six sides. Meals are juicier, cakes richer. And because electric cooking is flameless, kitchens stay cooler, pots and pans and kitchen walls stay cleaner.

Electric heat offers 5 basic systems that can be used separately or teamed together, depending on heating requirements. Advantages include: room-by-room temperature control; uniform temperature; elimination of hot and cold spots; simple, low-cost installation of air conditioning where desired. What's more, there's no flame, so it's safer—and, with no burning fuel residue, there's nothing to create dirt or run up decorating costs.

Music Center Accepted In National Guild

The Music Center of Lake County located in Bowen Park, Waukegan, was accepted for membership to the National Guild of Community Music Schools, at that organization's recent annual conference which took place in Boston, Mass. This was announced by Albert Christensen, Director of the Music Center.

The National Guild of Community Music Schools represented the combined interests of some thirty Community Music Schools throughout the United States and Canada. It was founded to fulfill the needs of these schools and to meet in order to discuss problems pertaining to organization, administration of schools and effective instruction in them.

In accepting membership to the National Guild of Community Music Schools, Christensen cited the following advantages of membership to this organization.

1. Through an exchange of materials and ideas, and exploration of new areas and procedures, the Music Center will be kept abreast of national trends in music education.

2. Constant evaluation of member schools by the National Guild will help the Music Center in maintaining high standards of music education in accordance with established national norms.

3. Music Center students will be afforded the opportunity of participating in national projects sponsored by the Guild, and will be encouraged to compare and evaluate their own work with that of other students in Community Music Schools throughout the country.

Receives Promotion At Illinois Bell

Miss Kathleen Frazier, daughter of Mr. and Mrs. Ed Frazier of Antioch, was recently promoted to the position of Junior Supervisor with the Illinois Bell Telephone Co. in Libertyville.

DEATH NOTICES

WILLIAM O. GAST

Mr. William O. Gast, 58 years old of Cross Lake, near Antioch, passed away at 5:40 a.m. on Thursday, Nov. 11, 1965 at Willowbrook Sanatorium in Kenosha, Wis., after a lingering illness.

He was born Dec. 26, 1906 in Chicago and resided there until moving to Antioch in 1953. He married Lillian Kosiek on Jan. 25, 1930, in Chicago. Mr. Gast had worked for United States Steel in Chicago doing clerical work until his retirement.

Survivors are his wife Lillian, one son, William J. Gast, Antioch; one daughter, Mrs. Les (Dolores) Eddy, Antioch; a sister, Mrs. Leonard (Anna) Siedelman, Chicago; two brothers, George Gast, Lindenhurst, and Alfred Gast, Cicero; his father, Carl Gast, Chicago; and four grandchildren.

Funeral services were held at 10 a.m. Saturday at the Schmidt Funeral Home at 2056-58 Belmont Ave., in Chicago. Interment was in St. Lucas Cemetery in Chicago. Local arrangements were made by Strang Funeral Home of Antioch.

ANNA S. SWANSON

Mrs. Anna S. Swanson, 82 years old of 689 Deep Lake Road—near Lake Villa, Ill., passed away suddenly Tuesday, Nov. 17, at 5:30 p.m. in the home of her son-in-law, Oscar Herbst.

She was born Feb. 12, 1883 in Sweden and came to America at the age of 6 years to reside in Chicago until moving to Lake Villa 28 years ago. She was a 48 year member of King Oscar, Chapter 762 Order of Eastern Star in Chicago.

Mrs. Swanson was preceded in death by her husband, Arthur; two sons, Gordon and Leslie Swanson, and a daughter, Mrs. Virginia Herbst.

Survivors are a daughter-in-law, Mrs. Frances Swanson, Chicago; her son-in-law, Oscar Herbst, Lake Villa; five grandchildren and two great grandchildren.

Funeral services will be

Legion Flags To Combat Propaganda

The American Legion is launching immediately a simple, yet eloquent and meaningful counter measure to the loud anti-Viet Nam, anti-draft demonstrations. The project will be entitled: "Operation Show Your Colors." National Commander L. Eldon James has announced.

The plan, as outlined by Commander James, involves the distribution of American flag lapel pins to be worn by all Americans who are in concert with the policy of the United States Government in South Viet Nam. Each flag will be accompanied by a card carrying the message: "Operation Show Your Colors—"

"Americans Are Serving the Cause of Freedom in Viet Nam."

"I Wear My Country's Flag to Show That I Support Their efforts."

The American Legion Auxiliary has pledged total support to the effort and the cards to be distributed by the Legion will bear the emblem of both the American Legion and the Auxiliary.

Through a conference call with Commanders of all continental Departments of the American Legion, Commander James outlined his plan and arranged for initial distribution of pins and cards to the several states.

"It is our hope," Commander James said, "that we will be able to distribute literally millions of these emblems over the next several weeks and that they will be worn by loyal Americans as a symbol of American unity in support of our men and women, military and civilian, in Viet Nam."

"Demonstrations and pro-

tests against our foreign policy and the draft by a small, but exceedingly loud minority element give aid and comfort to the enemies of freedom. This is one reason for our concern.

"We must use a dignified means by which we provide visible evidence of the strength and determination of our country and the unity of our people. We believe we have the answer," Commander James continued.

tests against our foreign policy and the draft by a small, but exceedingly loud minority element give aid and comfort to the enemies of freedom. This is one reason for our concern.

University Students Practice Teaching

About 400 University of Illinois students are practicing teaching in communities throughout the state, this semester.

Among the students are Albert Dittman, Rt. 2, Box 481, Antioch, teaching at Columbia Elementary School in Champaign.

Voices From Home For Overseas GI's

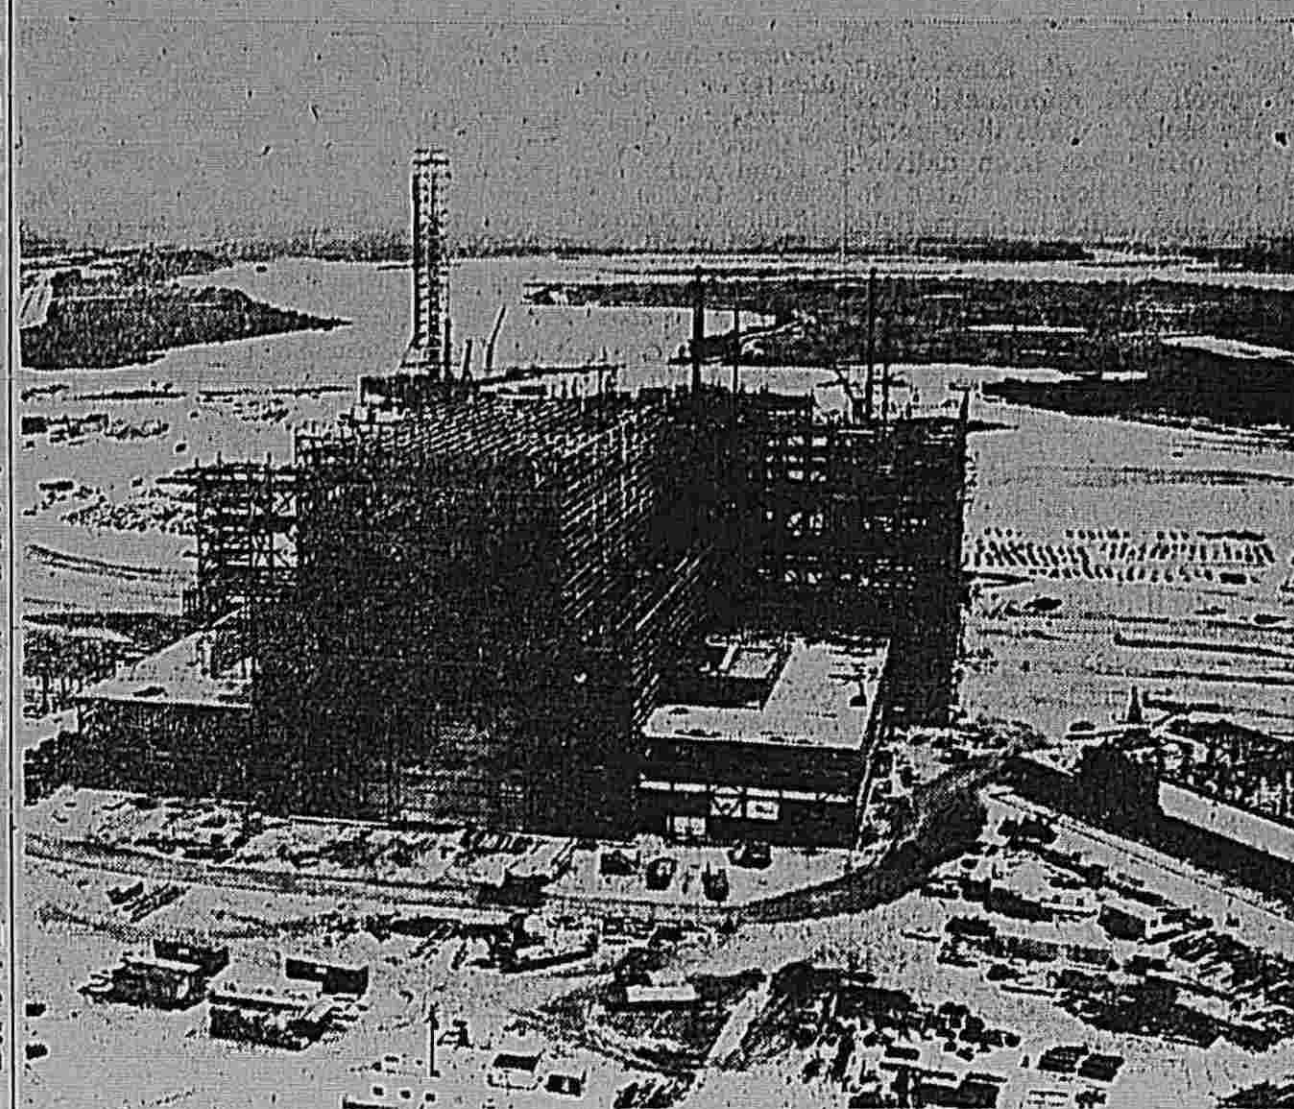

If you were a GI stationed in Viet Nam or other far away places during the Christmas season, nothing would mean as much to you as a voice from home.

Through its annual "Voices from Home" program, beginning November 29 and continuing through December 17, the American Red Cross again invites fiancées and family members of men and women in the armed forces and Peace Corps to make a free 3-minute record of their holiday greetings in festive recording studios at Red Cross offices in this area.

Foreign students who would like to send personal messages to their loved ones are also invited to make a record.

The record, mailing envelope and use of the recording equipment will be provided by the Red Cross and all recording will be done in

BUILDING FOR THE MOON

Merritt Island, Fla.—(HK)—On the sunny sands near Cape Kennedy, men are raising the biggest building in the world.

This is the Vertical Assembly Building, the official name to describe what will be a steel space dock serving man and machine before they sail off for the moon in Saturn V rockets, about the size and weight of a Navy light cruiser.

1966 License Plates In Mail

Secretary of State Paul Powell has announced that the motor vehicle division of his office has been delivering 1966 license plates to the post office in Springfield since last week and that approximately 100,000 plates are on the way to motorists.

Secretary Powell said that according to Richard Shomaker, supervisor of the motor vehicle division, this is the earliest that license plates have ever been placed in the mail in the history of the office.

Powell pointed out that the license plate envelope carries a printed warning that it is against the law for the new registration plates to be displayed prior to December 1, 1966.

Secretary Powell said that the license plates presently being deposited in the mails are the results of the reassignments and requests received in his office during the month of September. All of the plates now being mailed, according to Secretary Powell, are in the straight number series from 1 to 999,999.

Secretary Powell said that license number reassignments and requests in the series from the AA through FY series will be mailed in the very near future and that most motorists with reassignments in those series can expect their plates by December 15. The remainder of the reassignment plates by December 15. The remainder of the reassignment plates and requests in the series starting with GA through the series starting with VA should reach the motorist between January 1 and January 15, Powell said.

Secretary Powell credited the legislation which he supported and the General Assembly passed and the Governor approved, moving the reassignment period from the month of October to the month of September, with having made it possible to finish the reassignments and requests at this early date.

Secretary Powell also pointed out that at the present time, the entire motor vehicle division is geared to handle mail applications rapidly. He urged those motor-

HAIRY QUIZ

(True or False)

Brunches have more hair than blondes or redheads.

FALSE: There are about 140,000 hairs on the average blond scalp, compared to about 120,000 for the average brunette. Redheads have the fewest of all, about 90,000.

Men don't start to lose their hair until they are about 30?

FALSE: One out of three males begin to lose frontal hair on each side of the forehead between 17 and 20.

Question: Fight can make hair stand on end.

ANSWER: True. Hair does stand on end when fright or other strong emotions cause the hair muscles to contract. This also is the reason for "goose flesh."

Question: Men want hair grooming products to disappear.

TRUE: Gillette, in developing its new hair grooming products, Heads Up, was told by men that they wanted a product that would disappear after application but, at the same time, give all day hair control. They also learned that just as many men prefer a cream hair preparation as do a liquid, so they made Heads Up in both forms.

An individual hair has a life span of only a few weeks.

FALSE: The life of each hair on one's head ranges from several months to as much as four years.

Question: Hair grows at the same rate night and day, winter and summer.

FALSE: Hair usually grows for about eight weeks and then rests for a while. Moreover, hair grows faster during the day and slows down at night.

The American Petroleum Institute reports that U. S. reliance on oil as a primary source of energy resulted in total consumption of more than 4 billion barrels of petroleum products during 1964. This is the equivalent of almost 900 gallons for every American man, woman and child.

ists who have not applied for their 1966 license plates to do so now rather than to wait for the establishment of the deadline for display.

"If the motor vehicle division," Powell said, "keeps processing the applicants as they have done in the past eight weeks, Illinois motorists may find themselves faced with the earliest deadline in the history of this office."

Good Car Economy

As the member of the household most concerned with the daily budget, you'll be pleased to find out how you can save substantially on your car's upkeep. Good driving practices are essential in determining the life of your tires. Naturally you want them to last as long as possible and still be safe for driving. Tire trends wear out almost twice as fast at 70 mph as at 45 mph; so driving at reasonable speeds will give you more use out of your tires.

Always try to avoid striking sharp objects such as rocks, curbs, ridges in the pavement. Cuts or bruises on side-walls caused by this kind of abuse shorten your tire's life. Sudden starts and stops shave off its precious tread.

Never drive on a flat or a soft tire except to get the car off the roadway. To solve this unpredictable problem, you will do well to stock a Bernzomatic Tire Inflator in your car trunk. By simply screwing the cylinder to a flat tire's valve you will inflate it and seal the puncture in 60 seconds. And then you can ride on it for 100 miles continuously in total confidence.

Did you know that the manner in which you drive affects fuel consumption? Well, it does! If you're a smooth, even driver you'll get the best mileage out of your car. Nervous stop-starters, low speed-high speed alternators, "idlers" are asking for fuel guzzling car habits. If you're going into the market, even for just a minute turn off your engine. You might get delayed and at least you'll know that the car isn't wasting gasoline. Learning to care for your car will allow you to reap a maximum return of your family's investment. And remember that car-wise as well as otherwise "A penny saved is a penny earned."

Joins Group Pushing Bong As College Site

Robert Van Lier, R. 2, Salem, a prominent Kenosha county farmer, has been elected to the Tri-County Educational organization.

Van Lier replaces Urban Eppers, who died recently. Van Lier has been on the board of directors of the Pure Milk Assn. for many years. He is also on the board of Land O' Lakes Creameries, Inc. and has served on the Kenosha County School committee.

The Tri-County Educational Organization is presently attempting to promote Bong as a site for a four-year college.

GOING TO REMODEL? Before You Do—

New York — (HK) — Here are some rules to avoid running into snags, extra expenses and unsatisfactory results if you are planning and addition to your house.

Don't skip on quality and make sure plans conform to zoning regulations and building codes. Otherwise you may find yourself tearing down your addition instead of living in it.

A new booklet just published by New York Life Insurance Company, "Expanding or Improving Your House," says that most remodeling problems are due to a few common mistakes. The real test of the success of an addition is that it sharply increases the overall market value of your house as well as proving new living space.

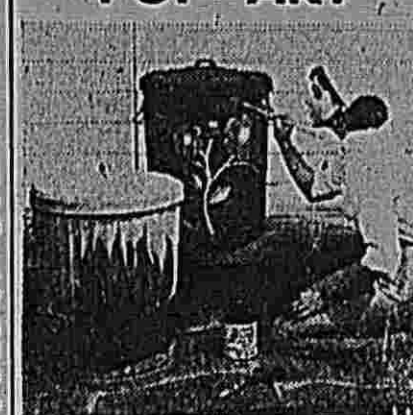

The booklet suggests three key questions to yourself about a proposed addition: Is it large enough for the purpose? Is it properly located? Will it add to the appeal and be a cheerful, pleasant and inviting part of the house?

You should be thoroughly aware of the strong points of your house and of its main flaws. Then you should remodel so that changes do not detract from the house's virtues and, if possible, correct the flaws.

An addition, in order to enhance appearance and value, should look like the rest of the house — and details count. For example, the horizontal lines of new windows and doors must line up with the old.

An indispensable element in successful remodeling is a plan on paper, according to the New York Life booklet. This can be a simple sketch with essential specifications, but its absence can lead to difficulties with a contractor.

'POP' ART

GARBAGE CANS of galvanized steel do double duty around the home. While many municipalities require them for the disposal of refuse because of their strength and durability, they make ideal household storage containers as well. Steel's resistance to fire makes the cans ideal containers for paints. They're also convenient for storing firewood, garden tools, Christmas tree ornaments, peat moss, fertilizer, etc. If you're the last bit artistically inclined, you might like to decorate them.

Sequoits Open Cage Season Sat. Night

With the Sequoits well into their second week of practice for the coming basketball season, Coach Roger Andrews is finding depth to be his major problem. Antioch opens the season at Melleny against the Warriors Saturday night.

"We'll get a good job out of Tyrone Walls, Tom Blackman and Mike Sterbenz," Andrews said. "These boys all played regular last season and are coming along rapidly. Mike Kelly saw a lot of action last year and should fill in ably for the graduated Bob Schmitz."

Coach Andrews announced a tentative starting lineup for Saturday's game. Listed are Walls, 6'3", and Kelly, 6'1", at the guards; Sterbenz, 6'1", and Blackman, 6'2", at the forwards and Pat Sheehan, 6'2", at center.

Sheehan, a senior, lacks experience but is improving with each practice session. "Another boy we expect to get some mileage from is Don Zeman. Don played on the soph squad last year and should be a help to us this year."

"I look for Warren and Lake Forest to be the teams

to beat," Andrews commented. "Warren has their whole squad back from last year plus this boy Filipowicz who came on for them in the latter part of the season. Lake Forest is always tough and their sophomore squad finished second in the conference last year."

The Sequoits will have a busy schedule beginning the season. Saturday is Melleny and then Wednesday, Nov. 24 they meet Salem on Antioch's court for the home opener.

Friday and Saturday, Nov. 26 and 27, the Sequoits will compete in the Mooseheart Tournament at Mooseheart. Antioch will open the tourney Friday night vs. Plainfield. Game time is 7 p.m. At 8:30 Mooseheart will meet Lake Park in the second game.

Saturday night the two losers will play at 7 p.m. and the winners will square off at 8:30 for the championship.

Doolittle Voted Most Valuable of Harriers

Antioch's Cross Country teams concluded their season last week with the announcement of varsity and frosh-soph letters awarded. Tom Doolittle was voted the most valuable and most improved runner on the squad. Doolittle earned 156 points during the season's competition.

The varsity finished the season with a 9-5 record and placed fourth in the conference meet. The team also finished 9th in the County meet and 12th in the District meet.

Del Church, 23 points; Jim Sorensen, 50; Tom Wojnowiak, 98; Blaine Backman, 107; and Dave Constock, 53, rounded out the balance of the upper classmen to receive their varsity letters.

Also receiving varsity letters were sophomores, John Bjork, Bill Effinger and Mike Polley and freshman Jim Maier. Effinger earned 125 points for the team.

The frosh-soph team had a very fine season, winning 11 meets and being one. They finished 7th in the County meet and took the championship in the conference meet.

Earning their freshman numerals were Gary Aerne, Lynn Barthel, Bob Biaggi, Chuck Denman, Gary Doolittle, Ray Frank, Bruce Gussarson, Don Jackson, Bob Lemke, Leonard Riely, Stewart Schepeder, Roger Soren-

sen, Bruce Volling, Allen Murrie, Mgr., and Tom Radko, mgr.

Two course records were set during the season, one for varsity and one in the frosh-soph. Blaine Backman ran the course in 10:51 for a new mark for the varsity and Jim Maier lowered the frosh-soph record to 11:40.

Earlier darkness at this time of the year requires extra driving caution. Good drivers compensate for early darkness dangers by reducing their speed, especially in residential areas.

CHEVROLET WORKPOWER

WITH DOUBLE-STRONG CONSTRUCTION

Chevy pickups for '66 are built strong to stand up to tough jobs. Cabs, for example, have double-wall roof construction, a rigid double-wall cowl and husky framing around door openings. Lower side panels of Fleetside models are also double-walled. Chassis, too, is designed for extra strength. You can get a 6 1/2-, 8-, or 9-ft. body and a big new 250-cu.-in. Six. Or specify a rugged 327-cu.-in. V8. Get a double-strong pickup that's a glutton for work!

Endless Thanksgiving

There are no limits to thanksgiving. We do not have to wait for a national holiday, a good harvest, friends, money, in order to be grateful. In the limitless thanksgiving that God gives, we can be grateful on the darkest days and in adversity. God's thanksgiving uplifts and restores. It makes work easier. It is like entertaining angels.

Thanksgiving is really a part of man's spiritual nature. It stems from the fact that "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variable shadow of turning. Of his own will begat he us with the word of truth, that we should be a kind of firstfruits of his creatures." (James 1: 17, 18). Therefore, man cannot help being naturally grateful.

The inspired prophets of the Bible knew God as unchanging good. They understood how his goodness surrounds us. That is why they knew the great expanses of Thanksgiving. That is why they wrote such inspired words as these from the 32nd Psalm:

"Thou art my hiding place; thou shalt preserve me from trouble; thou shalt compass me with songs of deliverance."

Jesus knew that we all have a loving father who cares ceaselessly for his children. That is why he could give thanks to our Father even in the midst of trying circumstances.

The Bible sums up the reasons for thanksgiving in three simple words: "God is love." Mary Baker Eddy, who discovered and founded the Christian Science religion, tells how limitless and all-embracing love is, in this wonderful sentence: "Divine Love always has met, and always will meet every human need."

Do we mourn over the past? Do we dread the fu-

Royal Neighbors

The next regular meeting of the Royal Neighbors of Cedar Lake Camp will be held November 30th, at 8 p.m. at the Village hall. Plans for their Christmas party and gift exchange will be made. Oracle Edna Botts will preside.

American Legion Auxiliary

Several members of the Lake Villa American Legion Auxiliary attended the 10th District meeting at Round Lake. They are as follows: Helen Bowman, Dora Austin, LaVern Kreamer, Undine Perkins and Ethel Marofshe. Their meeting next month will be Thursday, Dec. 9, at 8 p.m. at the Lake Villa Bank.

VFW Items

The VFW Auxiliary's next meeting will be Monday, December 6, at 8 p.m. at the VFW home. President Evelyn Whitmore will preside. Members will exchange gifts. On December 5, they will start their annual Christmas tree sales. The trees will be sold every night of the week and on Saturday and Sunday. Frank Sciaccaro is chairman of the sale. Tree sale will be at the Post home, located on Grand Ave. and Soo Line Road, Lake Villa.

A number of VFW members plan to attend the 5th District meeting to be held at the Aurora Post home, Aurora, on Nov. 21.

The Lake Villa VFW club will sponsor a dance at the VFW home Saturday, Nov. 20. Dancing will start at 8:30

ture? Does present trouble plague us? God is Love, right now. He always has been Love, and always will be. Here is reason enough for everyone to be thankful. God is Love, and thanksgiving opens the windows of heaven so that we may understand that this is so—today and always.

Music by Sorensen and his men. Come and enjoy the evening with your friends.

Visitors

Sharon Slazes, a student at the University at DeKalb, spent the weekend with her mother, Mrs. Frank Slazes, Sr.

William Jarvis, a student at DeKalb University spent the weekend with his parents, Mr. and Mrs. Henry Jarvis.

Mr. and Mrs. Ernest Maehande, residents of Lake Villa a number of years, have moved to Chicago to make their home.

Safety Program For School Children

A safety program for grade school children has been planned and is being put into effect under the direction of Sheriff Charles E. Larson and the Lake County Safety Commission.

The program's objective is to stimulate an awareness in the children of the need for safety in their play, their travels to and from school, bicycle riding, and in their activities in and around their home.

Lt. Harold Neubauer, commander of the Traffic Division, is in charge of this program. He is making speeches and showing movies to school assemblies.

The program includes all county schools in unincorporated areas, and will also assist local police departments.

The Women's Auxiliary of the Music Center has purchased and presented a Baby Grand piano to the Center. It will be used in the recital.

Music Center To Hold Faculty Recital

The Music Center of Lake County will be held in Lilac Cottage at Bowen Park on Sheridan Road Sunday, November 14 at 3:30 p.m.

ANNOUNCEMENTS

IN LOVING MEMORY OF LEE ROSS
(Died Nov. 20, 1964)
We miss you now, our hearts are sore

As time goes by, we miss you more,
Your loving smile, your gentle face,
No one can fill your vacant place.
Bernie and Shirley Gutowski and Children

IN MEMORIAM
God reached for our dear Mother and Grandmother, Mary L. Pedersen one year ago Nov. 16. We miss your good words, smiles and deeds, Mom.
Children and Grandchildren (21p)

From the London, Ohio, Madison Press: "Obviously, each generation should pay its own way in life. It is grossly unfair for one generation to pass laws that impose staggering burdens on the next generation. In the case of war, in which a country is fighting for its life, one can understand the accumulation of debt. But for a country to go deeper into debt, when it is at a peak of prosperity, is a cruel and unfair act directed at the young."
